"WHATS HAPPENING"

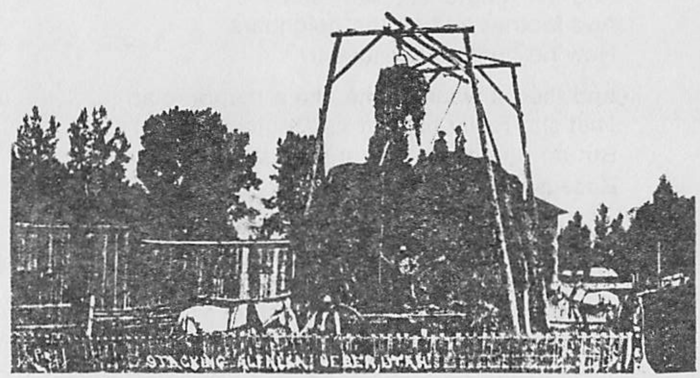

National Nurses Day was Saturday May 6 and the nurses recieved a beautiful plant in recognition of the excellent work and as a symbol of thanks for all the special, extra work they do for the residents at London Springs Care Center.

May 14 through May 20 is National Nursing Home Week. Several special activities have been scheduled during this week to celebrate and everyone is invited to attend. The week will end with our annual Chuck Wagon Breakfast on May 20, 1989 at 9:00am.

Our nursing assistants are still anxiously waiting for the results of their certification tests they took last month. We are certain that they all did well and a certification assembly will be planned for later date.

London Springs Care Center is getting the ball rolling as we prepare to upgrade to a skilled facility. Everyone is anxious and working hard to see that this goal is reached soon. It will take some time, but we will do it!!!

"PRESTIGIOUS PAST"

Farmers in the valley used this method to build their hay stacks until the early 1910's.

Before the time of high technology and heavy equipment; everything was done by hand with a little help from the family mule or the family ox. Many of us still remember the old hay stacking days as pictured above. The children always thought it was fun, but the adults enjoyed the long days work. Perhaps one day the tractor will be a part of our own prestigious past.

"WISDOM CORNER"

CHILDHOOD: That time of life when you make funny faces in the mirror.

MIDDLE AGE: That time of life when the mirror gets even.

SENIOR CITIZEN DITTIE

CLAIM TO FAME

My Mother sat on Brigham Young's lap,
As she was always proud to tell
She'd mention how he hugged her
And his charm had cast its spell

For he was the "King of the Mountains"
And the King of the salty sea
And Mother told all the neighbors
How he hugged her joyfully

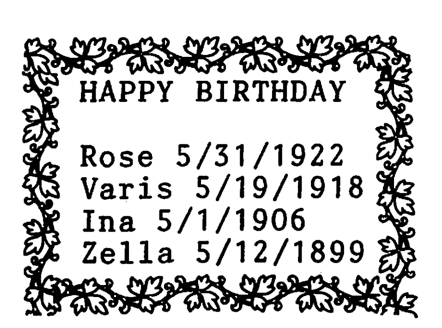

And then it would come like a thunderclap
That she really had sat on Brigham Young's lap
But no one could start a scandal, you see,
Because after all she was only three.

But what she didn't tell in later years
Is that Brigham held her to calm her fears
He patted her gently and dried her tears
And cast a spell that would last for years.
